

ADDENDUM #3
RFP-2020-DLTSS-01-PARTN
Partners in Health Family Support Services for
Children and Young Adults with Chronic Health Conditions
(CORRECTION)

On February 14, 2019, the New Hampshire Department of Health and Human Services published a Request for Proposals, soliciting proposals for the provision of comprehensive family support services to children and young adults from birth to age twenty-one (21) with chronic health conditions and their families. The RFP closed on March 27, 2019.

During the preparation for the scoring of the proposals received, it was noted that there is a math error in the description of the scoring in Section 5. The Total Technical Proposal Points available are 155. In Section 5.3. **Minimum Technical Proposal** it states:

Applications shall meet the requirements of a Minimum Technical Qualifying Proposal in order to be eligible for the winning bid. Minimum Qualifying Technical Proposals must achieve a minimum score of **140** points (70%) to be considered for selection. If no applicant submits a Minimum Qualifying Technical Proposal, the Department shall not select an applicant and may reissue an RFP.

The math error is that 70% of 155 points is 108.5 points, not 140 points. The section should read:

Applications shall meet the requirements of a Minimum Technical Qualifying Proposal in order to be eligible for the winning bid. Minimum Qualifying Technical Proposals must achieve a minimum score of **108.5** points (70%) to be considered for selection. If no applicant submits a Minimum Qualifying Technical Proposal, the Department shall not select an applicant and may reissue an RFP.

All other aspects of the scoring remain as stated.
